

NON-DESTRUCTIVE TESTING

HIGH-SKILL, HIGH WAGE, HIGH DEMAND

Start Here — Go Anywhere

WHAT DOES A NONDESTRUCTIVE TESTING TECHNICIAN DO?

A nondestructive technician tests the integrity of structures, equipment, vessels and piping without destroying them. They also test mechanical and structural components for transport structures like piping, bridges, and tunnels, as well as container systems in processing plants such as pipelines, tanks, and vessels

WHAT IS THE AVERAGE SALARY?

Average wage **\$15.61— \$28.96** per hour
based on experience and hours/conditions worked.

\$57,807 per year for Level I

\$83,739 per year for Level II

\$103,991 per year for Level III

WHEN IS THE TRAINING OFFERED?

Training is offered in the evenings after work hours for your convenience and you can start a module at anytime!

WHERE IS THE TRAINING CONDUCTED?

River Parishes Community College (Gonzales)
Technical Training Center (Room T-122)
