LCTCS MISSION

The mission of the LCTCS is to improve the quality of life of the State's citizens through educational programs offered through our colleges. By providing excellent educational and skills training programs, we increase opportunities for Louisiana's citizens to succeed in the workforce. We are committed to teaching what is needed when it is needed, and where it is needed within available resources.

LCTCS HISTORY

The LCTCS provides strategic management and support for Louisiana’s 12 community and technical colleges. Our colleges award associate degrees, technical diplomas, and industry-based credentials in programs that are aligned with business and industry and local economies. We are committed to providing each student access to quality educational programs and lifelong learning. This commitment includes eliminating geographic, financial, and scholastic barriers to postsecondary educational programs. The LCTCS is the most geographically diverse system of higher education in the state, with campuses in both rural and urban areas. Our colleges are as diverse as the communities they serve. Students receive a world-class education in a nurturing and rigorous academic environment that prepares them for future rewarding careers.
LCTCS COMMITMENT TO DIVERSITY, EQUITY AND INCLUSION (DEI)

The LCTCS has established an unwavering commitment to diversity, equity, and inclusion in all forms, internally and externally, and as a personal and professional value. The System seeks candidates across all sectors with strong character, a passion for excellence and a relentless commitment to diversity, equity, and inclusion, which will lead to student achievement. In 2020, the System established a statewide DEI Task Force with representation from faculty, staff, and students. The task force is charged with developing meaningful, actionable, and measurable recommendations focused on diversity and inclusion for all. These recommendations, along with other priority projects, are being implemented statewide and must be embraced by the new Chancellor.
